

ACKNOWLEDGEMENT

I would like to express my heartfelt gratitude and appreciation to all those who have contributed to the successful completion of my BCA final year project, AI Voice Assistant. This project has been a significant journey of learning, growth, and accomplishment, and I owe my thanks to several individuals and entities who have supported us throughout this endeavor.

First and foremost, I extend my sincere gratitude to my project guide, Mr. Pradhyuman Parmar, for their invaluable guidance, mentorship, and unwavering support throughout the duration of this project. Their expertise, insightful feedback, and constant encouragement have been instrumental in shaping my ideas and ensuring the successful execution of my project.

Additionally, I acknowledge the contributions of the faculty and Principal of Shree P. M. Patel College of Computer Science & Technology. Principal Ms. Amisha Desai, who provided me with the necessary resources, access to the library, and a conducive environment for research and development.

In conclusion, I recognize that this project would not have been possible without the support, encouragement, and cooperation of all those mentioned above. I am deeply grateful to each and every one of you for being a part of my journey and for helping us achieve my goals.
